Season tickets are purchased at a discounted price for weekly as well as special events, excluding the NOS Energy Drink Knoxville Nationals. Base season tickets must be purchased to be eligible to purchase special events at the discounted rate. **There will not be any refunds on regular weekly races, nor can the discounted base season ticket be used as a raincheck to another event; the ticket price is discounted to offset any rainouts. In the event of a cancellation of a special event, the amount you paid for your ticket will be credited to your account to be used for any future ticket purchases. Upgrading a teen ticket to an adult ticket will result in paying the difference of the discounted ticket price to full retail for the event adult ticket.** Order deadline for season tickets is **February 15, 2024**, to secure discounted pricing & your reserved seats that you choose for the special events.
